To Whom It May Concern:

I would like to express my highest recommendation for the brokerage services of Brian Bruininks.

During my time as Senior Leasing Property Manager at RREEF in Seattle's Kent Valley real estate market, I have relied heavily on Brian's expertise and level of service.

Brian has demonstrated a complete understanding of the local real estate market, including leasing, investments, trend forecasting and assistance with strategic planning.

Again, I would highly recommend Brian for handling the real estate needs of any organization that owns or manages property in the Kent Valley and outlying areas.

Sincerely,

A handwritten signature in blue ink that reads "Shawn C. Adams".
